

21 December 2009

Montara Commission of Inquiry
GPO Box 890
CANBERRA ACT 2601

Dear Sir/ Madam

Please find enclosed three samples of sea water we would like to put in as a submission to the Montara Commission of Inquiry. We believe they should be tested to determine whether they contain oil from the Montaro oil spill.

The samples have been labelled from (1) to (3):

- (1) Is a sample of sea water taken half a mile off the shore of Roti Island.
- (2) Is a sample of sea water taken 2km from the Montaro wellhead.
- (3) Is a sample of sea water taken from south coast of West Timor an area with a GPS of East 124 " 30 and South 11"38.

We have also enclosed two video clips taken on 6th October 2009 off the South coast of West Timor showing evidence of the oil spill in this area. The GPS of the location is provided in the video clips.

Yours sincerely

Bridget Halbert
